

## Acorns Take Away Task – Summer 2022

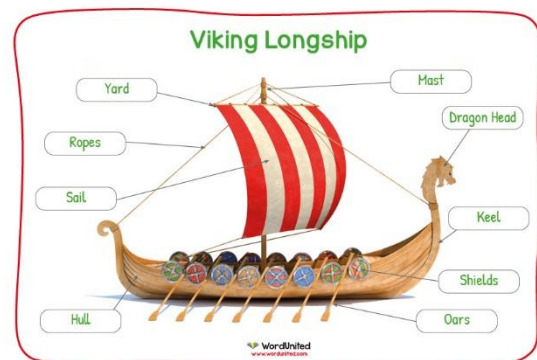

This term Acorns are focusing on Vikings and Anglo-Saxons. I would like your take-away task to demonstrate an understanding of Viking or Anglo-Saxon life in Britain.

### 1) Create a Viking Shield

Viking shields were usually made of wood, reinforced with metal bars and covered in leather. They were carried using a single hand-held grip on the back as this made it easier to move them around. The shields were about 80-90cm in diameter and were decorated in colours and patterns that were specific to the people who used them.

### 2) Create a model of a Viking longship.

- 3) Create your own epic Poem, like Beowulf
- 4) Create a Viking God or Goddess.
- 5) Or you might like to do your own idea!

Please research your chosen task using the internet or books before starting to ensure it is historically correct (i.e. Vikings did not wear horned helmets!)

Please return your take-away task to me by Tuesday 24<sup>th</sup> May 2022
