

Chestnut Class Years 5 and 6
Take Away Task - Summer 2019

Your task is to design your dream island and present your ideas to the class.

You must choose where in the world your island would be and use a range of resources to help you understand the physical features of the area you have chosen for your island.

Below are some things you *might* like to think about.

- What is special about the area?
- Is there a mainland nearby?
- What is the climate like?
- What is life like for an adult/child living in the area?
- What jobs do people do?
- Are there any environmental issues to consider?
- What impact would your island have on the environment?
- What is the population/size of your island?

You can choose how to present your work.

I have included some ideas below but feel free to think of your own.

1. Power Point presentation (including images and photographs)
2. Tourist Guide - use other guides as inspiration
3. Leaflet - again use others as a guideline
4. Information Booklet - written information and pictures/photographs
5. A model with an accompanying mini booklet
6. Poster - must include writing as well as pictures
7. A much more exciting way that you have chosen yourself

If you need any help or resources please ask.

Good Luck and enjoy!

Mrs Tully
