Chestnut Class Years 5 and 6
Take Away Task - Autumn 2020

Your task is to research a particular city in the north of England and present your findings to the class.
You must use a range of resources to help you understand the features of the city you are studying.

Below is a list of questions you *might* like to answer.

- Where is the city located?
- What is the population like?
- What is life like for an adult/child living in the city?
- What sort of jobs do people do in the city?
- Are there any environmental issues to consider?
- What are the transport links to other places like?
- Is there a canal in the city?
- Are there different areas in the city?
- What is special about the city?

Below is a list of cities you might like to study.

Durham	**Newcastle**
Leeds	**Liverpool**
Sheffield	**York**
Bradford	**Kingston-upon-Hull**

You can choose how to present your work.
I have included some ideas below but feel free to think of your own.

1. Power Point presentation (including images and photographs)
2. City Guide – use other guides as inspiration
3. Leaflet – again use others as a guideline
4. Information Booklet – written information and pictures/photographs
5. A model with an accompanying mini booklet
6. Poster – must include writing as well as pictures
7. Pictorial map
8. A much more exciting way that you have chosen yourself

If you need any help or resources please ask.
Good Luck and enjoy!
Mrs Tully
