

Assembly Resource

Read through the information below about the news and guidance on how to check what we hear from the news

Where can we find out about the news?

The Radio

TV

Social Media

Friends or family

Mobile phones apps

How have the ways in which we find out about the news changed over time?

What is fake news?

Fake news are news stories that are not true.

There are two main types of fake news:

1. Stories that may be based on a true story, but some parts have been made up.
2. Stories that are completely made up.

How can we spot fake news?

-Where are you hearing about the story? Is it on the radio, or on TV?

-Can you find or have you heard about the news story somewhere else?

- Do you know the company or the website who wrote the story?
