

Chestnut Class Years 5 and 6
Take Away Task - Autumn 2019

Your task is to research a particular river in the world and present your findings to the class.
You must use a range of resources to help you understand the features of the river you are studying.

Below is a list of questions you *might* like to answer:

- What is special about the river?
- Where is the river's source?
- What is life like for an adult/child living on/near the river?
- What is there for tourists to do?
- Are there any environmental issues to consider?

Below is a list of rivers you might like to study. You could study a world famous river or a smaller river closer to home!

Rivers Around the World		Local Rivers	
Amazon	Ganges	Arun	Adur
Nile	Yangtze	Cuckmere	Ems
Danube	Mississippi	Rother	Ouse
Mekong	Zambezi	Lavant	Thames (localish)

You can choose how to present your work.

I have included some ideas below but feel free to think of your own.

1. Power Point presentation (including images and photographs)
2. Tourist Guide - use other guides as inspiration
3. Leaflet - again use others as a guideline
4. Information Booklet - written information and pictures/photographs
5. A model with an accompanying mini booklet
6. Poster - must include writing as well as pictures
7. A much more exciting way that you have chosen yourself!

If you need any help or resources please ask.

Good Luck and enjoy!

Mrs Tully
