

Chestnut Class Years 5 and 6
Take Away Task - Autumn 2020

Your task is to research canal use today in the United Kingdom and present your findings to the class.

You should use a range of resources to help you.

You may choose to focus on one particular canal.

Below is a list of ideas to get you started

- How is the canal used?
- Where is the canal- could you draw a map?
- What activities can I take part in on the canal?
- Are there any environmental issues related to the canal?
- What sort of wildlife is there on or near the canal?
- Who works on the canal?
- What about transport on the canal?
- Who lives on the canal?
- What about people who have played a key part in saving the canals?

You can choose how to present your work.

I have included some ideas below but feel free to think of your own.

1. Power Point presentation (including images and photographs)
2. Tourist Guide - use other guides as inspiration
3. Leaflet - again use others as a guideline
4. Information Booklet - written information and pictures/photographs
5. A model with an accompanying mini booklet
6. Poster - must include writing as well as pictures
7. A much more exciting way that you have chosen yourself

If you need any help or resources please ask.

Good Luck and enjoy!

Mrs Tully
